## Starting/Charging System Diagnosis Clinic

The million dollar question is, "Do I really have to replace the starter or alternator?" This class answers that question and many more on diagnosing starting/charging systems. Dan also explains the impact of the battery and alternator on overall vehicle driveability. This seminar is a must-attend for techs of ALL skill levels.

### Learn How To:

- Make money on starting/charging diagnostics
- Reduce starting/charging diagnostic time by 90%
- Reduce costly comebacks on all starting, charging, ignition and other electrical jobs
- Troubleshoot electrical problems with confidence

### Learn from an Old Pro:

Dan Marinucci, ASE-Certified Technician and Technical Writer for MOTOR, ELECTRICAL REBUILDERS EXCHANGE, TIRE BUSINESS and other magazines, gives you the scoop. Get straight talk from someone who has been there.

### \$35.00 Per Person

Includes: Training, Certificates, Hand-Outs & Dinner

Deadline: You must be registered by September 28, 2004 to ensure a seat. No refunds for cancellations after that date.
